

# BFRDP - HANDS-ON TRAINING PROJECT

## PARTNERS

## LEAD ORG

## GOALS

Educate beginning farmers on how to:

1. Properly select land for targeted farming operations
2. Choose livestock and breeds base on region and targeted farming operations.
3. Develop a farm layout and business plan
4. Design, Develop, Plan, and Maintain Climate Smart Agriculture and Regenerative
5. Conduct farm operations in a COVID-19 Environment

## ANTICIPATED OUTPUTS

- Strengthen Program Ideas, Training Curricula, and hands-on material to apply for full grant
- Train 100 beginning farmers and initiate two the start of two new farms. Of those 100 beginning farmers, it is projected that at least 50% will be part of the socially disadvantaged and veteran groups.
- Generate more women beginning farmers by recruiting women farmer instructors from local women led farms.
