

## Farm Answers—The largest source of information for beginning farmers

[FarmAnswers.org](https://www.farmanswers.org) is a website clearinghouse where farmers and ranchers can find online courses, videos, presentations, apps, and other materials to answer farming and ranching questions.

### **What is Farm Answers?**

Farm Answers is a multi-sectioned website which provides resources to help people get started farming, as well as tools to help more experienced producers succeed.

### **What sections are available on Farm Answers?**

Farm Answers has a Library of videos, written materials, apps, online courses, and more. It has a Producer Programs section full of groups farmers can join in their area or online. There is a Blogs & News section full of farming related blogs, news sites, and podcasts. The Toolboxes section gives producers tools on topics like business planning, marketing products locally, and accessing land.

### **Who made Farm Answers?**

Farm Answers was developed by the Center for Farm Financial Management at the University of Minnesota.

### **When was Farm Answers launched?**

The FarmAnswers.org website was officially launched in April of 2016.

### **How can I use Farm Answers?**

You can visit the site [FarmAnswers.org](https://www.farmanswers.org) to browse through the Library, Producer Programs, Blogs & News, Toolboxes, and BFRDP Projects sections. Connect with the Farm Answers Team on Facebook, Google+, Twitter, Instagram, Pinterest, the Farm Answers blog on Medium, the Farm Answers Podcast and other social media sites.
