

# Resource Inventory

Use this worksheet to assess what infrastructure and equipment you may need to complete your farming plan. Identify resources needed for each of the different enterprises. Evaluate your needs and see if they overlap other enterprises. Record your strategy to acquire time.

Resource	What do you currently have?	What could you easily have access to?
Land		
Buildings		
Product Storage		
Machinery		
Land (fencing, water, etc.)		
Supplies		
Labor		
Other
